Profile
I am Sfiso Ndzobo, a motivated and adaptable developer from Johannesburg, South Africa, with strong software development skills and a solid understanding of data analytics. I have gained technical expertise and professional skills through my education and industry experience, allowing me to drive projects to completion with precision and attention to detail. My experience has sharpened my organizational abilities, and I thrive in collaborative environments where I can share knowledge and continue learning from others.

Education
Tshwane University of Technology
Advanced Diploma in Computer Science (Adip) (In Progress)
Department of Computer Science

National Diploma in Software Development (NDip) (2019 - 2023)
Department of Computer Science
